

# Less is more!

Working in a Crowded House?

This training is designed for support coordinators working with participants living in

**cluttered, hoarded or squalid homes.**

This introductory training includes;

- What's the difference between clutter, hoarding and squalor?
- How to talk about the 'stuff'
- Who's driving the bus?
- Who can help?
- Case presentations

Hoarding is often a result of trauma, grief or loss. Clean ups or industrial cleans don't work and can exacerbate the collecting and keeping.

**The aim of this training is to provide support coordinators with information and referral pathways to assist to engage participants in decluttering their property and to address the causes, symptoms and stress associated with these conditions. Tania is a preferred provider for PIR, and is working with NDIS clients.**

She has presented at the last 2 National Hoarding and Squalor Conferences in Sydney and travels Australia providing training.

**Cost: \$1000 for 4-hour session + gst**

**Travel charges may apply**

**To book/enquiries contact Tania**
